The Machine Shelving System

The Machine Leg Shelving System is a versatile design that pairs fully customizable solid wood shelves with sturdy cast aluminum vertical supports. The shelves are made to order at our studio in Chicago and are available in an extensive range of species and finishes. The vertical supports can be finished in an array of powder coats or can be plated in nickel or brass. Shown in pickled ash.

This shelving system is well suited for: residential, hotel lobby and suites, waiting rooms, retail display, and restaurant applications.

74" x 14" x 67" height.
