The Rolling Dining Table

The Shaker influenced Rolling Dining Table features hand-carved, swiveling solid wood casters, with brass wheel locks. These tables are crafted at our Chicago studio with regionally-sourced solid rift White Oak. The tops can be customized up to 36 total square feet, and are available in a range of finish colors. These tables are well suited for: residential, retail display, hotel lobby and suites, retail display, and restaurant applications.

Standard table height: 29.5".

Custom height legs can be ordered for an additional charge, and require extra lead time.

Please contact AKMD for trade pricing.
